

Land Reclamation and Protective Works

March 2015

KNUDSHOVED: Land reclamation – West Bridge

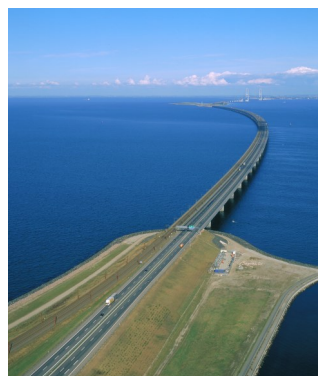

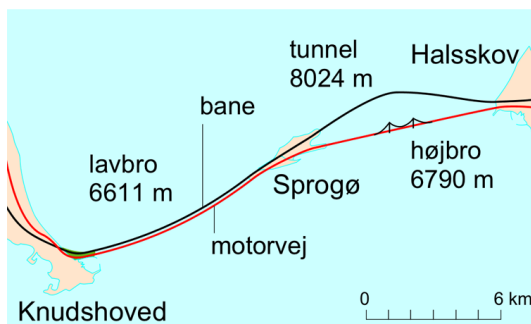

EASTERN CHANNEL: Protective Anchor Block

GREAT BELT LINK – Western Bridge
 In 1987/88 the HLD Joint Venture designed and provided site supervision for the land reclamation works at Knudshoved including base for West Bridge ramps

The West Bridge is a 6.6 km long, combined road and rail bridge resting on 63 bridge piers and 2 abutments. Both the super and substructures are made of reinforced concrete. The West Bridge curves horizontally with a radius of 20 km.
